

A1. Nudge:

SL: You don't want to sleep on this

PV: N/A

Hey {first_name},

Thanks for showing up to the free live masterclass earlier.

If you've already submitted your application form, then feel free to ignore this.

If you haven't yet, then this is your nudge to do it.

The excitement will be gone by the weekend, because the value you've just gotten has a shelf life to it.

You can get started with that right here: [LINK]

I can't wait to check it out.

P.S. I'll use that to determine whether or not it's a good fit.

A2. Case Study:

SL: Zero to seven grand within the span of 45 days.

PV: N/A

Hey {first_name},

Let me tell you about one of my students.

He began doing cold outreach immediately and woke up to replies the very next morning.

He made \$7,000 profit in his first few weeks without any prior experience.

The only thing standing between him and yourself is the decision to make a change.

SL: Middleman Roundtable in a nutshell

PV: N/A

Hey {first_name},

You showed up to the free live masterclass.

This means that you got access to an offer I'm not making in the same way anywhere else.

I'm talking about *Middleman Roundtable* of course:

- One-on-one coaching calls where I'll hold your hand the entire way
- One-on-one access so that you can tap into all of my knowhow
- Group coaching calls in order to have concepts explained in real time
- Course content that teaches absolutely everything
- A community of others making money online as complete beginners

There are also a ton of other bonuses that I'm not even mentioning right now like the *Influencer Rolodex*.

The only setback will be remaining stuck where you are forever.

I'll get you right with the replay though: [LINK]

This won't be up forever so give it a watch while you still can.

Let me know what you think.

N2. Recap:

SL: I'm giving you one last chance

PV: N/A

Hey {first_name},

Let me summarize the [free live masterclass](#) for you real quick...

My whole approach to making money online as a complete beginner can be boiled down to running a conventional agency versus becoming a middleman.

You keep running in circles because success is unconventional with a conventional agency.

It has tons of barriers to entry, requires endless effort and sacrifice, and is highly saturated.

This means that you rarely get past that initial hurdle, you compete with others on something that you all have, and you end up fighting for scraps.

The most successful entrepreneurs are actually all middlemen, like AirBnB, Uber, or Amazon.

It's relationship-based, leverages the concept of arbitrage, and is extremely untapped.

This means that you have the odds in your favour, you wield an unfair advantage, and you get to play in a blue ocean.

I've covered absolutely everything around this throughout the [free live masterclass](#).

I'm only keeping the replay up for a little longer.

N3. Pressure:

SL: It's your move next

PV: N/A

Hey {first_name},

Let me remind you why you registered for the free live masterclass in the first place.

You wanted to make \$5,000 to \$10,000 per month with an influencer marketing agency in the next 45 to 90 days.

This is without tons of barriers to entry, endless effort and sacrifice, or high saturation.

I'm about to take down the replay: [LINK]

Let me know what you think.
