

A1. Nudge:

Thanks for showing up to the free live masterclass earlier guys.

Feel free to ignore this if you've already submitted your application form.

This is your nudge to do it if you haven't yet.

I hope you're all aware that the value you've just gotten will fade away pretty fast.

Here's the link for it: [LINK]

A2. Client Result:

Let me tell you guys about one of my students.

He began doing cold outreach immediately and woke up to replies the very next morning.

He made \$7,000 profit in his first few weeks without any prior experience.

The only thing standing between him and you is the decision to make a change.

You can get started with that right here: [\[LINK\]](#)

A3. Recap:

I'm sure most of you guys remember my offer on the free live masterclass.

I'll give a little reminder though for the ones in the back.

Middleman Roundtable provides you with one-on-one coaching calls, one-on-one access, group coaching calls, community, and course content.

The Influencer Rolodex is only one of the many bonuses included.

The only setback will be remaining stuck where you are forever.

This is what you've been looking for: [\[LINK\]](#)

N1. Nudge:

I know that some of you guys couldn't make it to the free live masterclass.

You're lucky that I've got a replay of it though: [\[LINK\]](#)

I'm just saying that it's not going to be up forever.

N2. Recap:

I'm going to give you guys a quick rundown of the free live masterclass.

My whole approach to making money online as a complete beginner can be boiled down to running a conventional agency versus becoming a middleman.

I've covered absolutely everything around this throughout it.

I'm only keeping the replay up for a little longer: [\[LINK\]](#)

N3. Pressure:

I just want to bring something to the surface for all of you guys.

You registered for the free live masterclass because you wanted to make \$5,000 to \$10,000 per month with an influencer marketing agency in the next 45 to 90 days.

This is without tons of barriers to entry, endless effort and sacrifice, or high saturation.

I'm only mentioning this because I'm about to take down the replay: [\[LINK\]](#)
